## DREAMCATCHER 2024

CRAFTED IN BC

### HARVEST REPORT

In 2024, a severe frost swept through the Okanagan Valley, dramatically reducing the local harvest. In response, we turned to Washington State, a region rich in both quality and meaning, and part of the traditional territory once travelled by the Syilx people. By sourcing from these vineyards, we honour that shared history while continuing to craft wines with the same care and character that define Nk'Mip Cellars. This vintage may bring subtle differences, but its spirit remains rooted in connection, resilience, and respect for the land both near and far.

### WINEMAKING

A vibrant blend of Sauvignon Blanc, Chenin Blanc, and Riesling, co-fermented with carefully selected yeast to enhance aromatics and preserve freshness. This white blend is crafted to express balance, lift, and the lively character of each varietal in harmony.

### TASTING NOTES

Dreamcatcher is a bright, aromatic blend with notes of white peach, citrus, orchard fruit, and honeydew. Smooth and refreshing, it's named in tribute to the dreamcatcher—a symbol of harmony and protection.

### FOOD PAIRING

It pairs effortlessly with delicate dishes like citrus-marinated seafood, fresh sushi rolls, roasted chicken with lemon and thyme or summer salads.

**DID YOU KNOW** the 2024 vintage brings a brighter, slightly more tropical expression thanks to a warm growing season across the border.

### TECNICAL NOTES

Alcohol/Volume	12.8%	Residual Sugar	12.0 g/L
Dryness	2	Total Acidity	8.5 g/L
pH Level	3.1 pH	Serving Temperature	7-12°C
